

MATERIAL CONFORMITY CONFIRMATION

Folding Boxes – SVHC, PFAS and heavy metals

Document	Material Conformity Confirmation
Basis of evidence	Conformity declaration of the upstream suppliers
Scope	Folding boxes and all sub-products (solid board packaging)

1. Subject and Scope

UNITEDPRINT.COM SE confirms the following information for the covered products on the basis of the conformity declaration of the upstream suppliers.

Covered products: Folding boxes made of solid board and all of the following sub-products: Cardboard box with handle, Gable boxes, Pillow boxes, Postal boxes, Sleeve boxes, Telescope boxes, and Wine bottle boxes.

2. Confirmed Material Statements

2.1 Substances of Very High Concern (SVHC)

According to the conformity declaration of the upstream suppliers, the covered folding boxes made of solid board do not contain substances of very high concern (SVHC) from the REACH candidate list in a concentration of more than 0.1 % by weight pursuant to Article 33 of the REACH Regulation (EC) No 1907/2006 and Article 5(2) of Regulation (EU) 2025/40 (PPWR).

2.2 PFAS

The covered products are not intended for direct food contact and are not marketed as food contact materials. For packaging designed for food contact, a suitable version can be reviewed and offered on a project-specific basis. Based on the declarations of the upstream suppliers, knowledge of the raw materials used and an internal risk assessment, the limit of 50 ppm total fluorine (TF) pursuant to Article 5(5) of Regulation (EU) 2025/40 (PPWR) is not exceeded for products designed for food contact. Where an analytical confirmation of the PFAS requirements is required for a specific project, this can be reviewed on a project-specific basis.

2.3 Heavy Metals

According to the conformity declaration of the upstream suppliers, compliance with Article 5(4) of Regulation (EU) 2025/40 (PPWR) is confirmed. The sum of the four heavy metals lead, cadmium, mercury and hexavalent chromium does not exceed the limit of 100 mg/kg.

3. Basis of Evidence
